

Tryon Painters and Sculptors offers

“Printmaking Made Easy”

Instructor: Merry-Beth Noble

4 days, 9 a.m. to 12 pm

May 24- May 27, 2021

Level: Intermediate - advanced

Class Limit: 6, min required 4

Minimum age: 16 yrs.

Be a printmaker in less than a week! Merry-Beth brings her clear and concise teaching style to printmaking for this 4-day workshop. This is a first class in print media, and basic knowledge of drawing and design is helpful. You will learn about the many variations possible in simple printmaking processes that you can do at home on your own at the end of class. With the potential for card making, crafts gift prints, and decoration, her simple methods of relief printing teaches students different ways to make multiples of images again and again. Bring a sketchbook of images, favorite pictures from magazines to use as your reference on the first day, along with a smock/T-shirt. All other materials will be included.

Costs:

Members-\$125; Non-members-\$145

Additional material fee -\$20

“Mixed Media and Collage: The Right Way to Break the Rules”

Susan Ruby- Instructor

June 30- July 20, 2021

4-Wednesdays, 12 - 3:00 pm

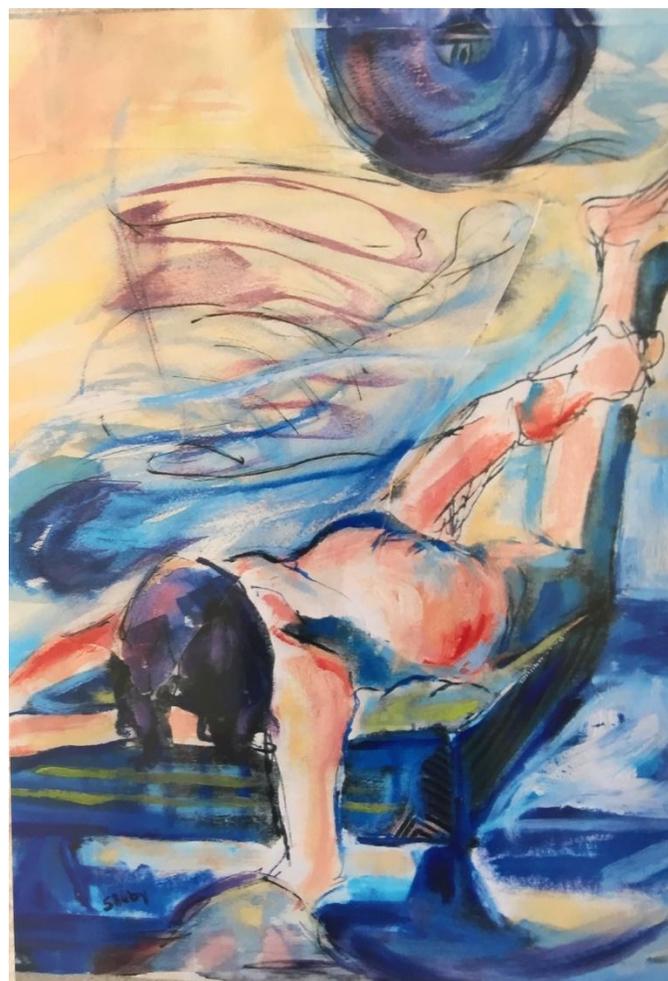

All levels welcome

Participants will work from references and life to create exciting finished works with collage incorporated as an integral part of their drawings and paintings. Learn how to expand the boundaries of two dimensional art to create both abstract and realistic finished products making use of a wide range of techniques and materials.

Participants will explore archival methods for improving existing watercolor, acrylic and oil paintings with collage materials, including color photo copy, wall paper samples, fabric and tissue. You will learn the right way to layer on a range of surfaces such as heavy weight paper, stretched canvas and canvas board. You will also explore methods for combining materials including pen and ink, acrylic, water color and oil paints, and the order for application of various acrylic media. A unique photo transfer type technique will be explored that enables the transfer of existing charcoal, pencil or pen drawings to canvas to set up multilayered paintings. This versatile approach allows for the creation of texture in the finished piece and can be used in a wide range of mixed media work.

In the end, the sky is the limit for what you can do if you understand the process for accomplishing your vision. You can break the rules if you know how to; and the result is often unexpected and exciting.
